

## Relief Measures Are Adopted by Legislature

SACRAMENTO, July 18—(UP)—"Relief" has become a major word in California's political dictionary as a result of action taken by the 51st legislature.

While all forms of relief legislation was passed, including bills favored the aged, unemployed, owners of mortgaged property and others, particular consideration was given measures to relieve property owners in special assessment districts.

Numerous such bills affecting improvement districts were introduced during the session, eight of which obtained the approval of both houses and subsequently were signed by the governor. Two others still are under consideration. Nearly all were urgency measures to become effective at once.

Under terms of AB75, the foreclosure of any special assessment bond issued for public improvements and representing a lien upon real property would be prohibited until February 28, 1937, insofar as principal or installments are concerned.

Counties are permitted to extend aid to road and acquisition improvement districts to an amount of 50 per cent of the value of outstanding bonds, according to another new act.

"During the last 15 years, hundreds of districts were organized during times of great prosperity and high land values," proponents explained. "Due to optimism, bonds for public improvements were issued in excess of the ability of lands to bear assessments necessary to pay principal and interest. Because land values have shrunk in many cases to a point where the face value of bonds outstanding is less than the value of all lands in a district, property owners are unable to meet their obligations."

The act was felt necessary in view of a law which prohibits the payment of county or municipal taxes without paying district assessments at the same time. In the past many counties have been unable to collect sorely needed sums due in taxes because of this provision. It is hoped the easement afforded in the act will prevent many pieces of property from being lost to tax rolls.

A companion law will permit improvement districts to take advantage of federal bankruptcy laws in the liquidation of outstanding bonds.

Cancellation of outstanding bonds and unpaid assessments also would be permitted in another new act. Relief for the property owner is contemplated by the cancellation of the assessment bill, permitting the payment of taxes. New refunding bonds would be issued to indemnify bond holders and the districts would be permitted to take advantage of national laws and possibly borrow necessary re-financing funds from federal agencies.

The use of available municipal funds for reduction of assessments if approved by a four-fifths vote of the legislative body, providing the improvements were of more than local benefit, also is provided. Counties would be given similar powers in a bill yet to be acted upon by Governor Merriam. Redemption of bonds at a discount and power to charge them against sinking funds would be permitted.

Considerable opposition has been expressed to this bill by many property owners who feel it would be unjust to burden the general public with the obligations of particular districts. It has been pointed out that many assessment and improvement districts were created during boom periods for the purpose of promoting real estate sales and subdivision projects.

The power of any county, city, municipal corporation or district to take action similar to federal agencies in obtaining aid either as a loan or outright grant for the reduction of indebtedness would be authorized in a bill still before the governor.

## Army Recruiting Drive Now Under Way

The biggest Army recruiting drive since immediately after the World War is now under way. Candidates to swell the ranks of the Regular Army from its present strength of 118,750 soldiers to the newly authorized figure of 165,000, are being selected by recruiting officers throughout the country. Lieutenant D. P. Norman accompanied by Staff Sergeant L. F. DeWitt and Sergeant C. W. Gordon was at the Post Office in Truckee on Monday, July 15th for the purpose of accepting applicants for service in the Philippines, Hawaii, Alaska and China; also for home service for various organizations stationed in the San Francisco Bay Area.

Leonard Lichtenberger of Roseville is visiting his cousin Karl Kiehofer, Jr.

## MORE FISH TO ARRIVE NEXT WEEK

Announcement has been made by Captain Jos H. Sanders of the Fish and Game Patrol that on July 23rd and 27th cars from the Mt. Shasta Hatchery will be received with fish for planting in this vicinity.

On July 23rd there will be 115,000 fish all eastern brook for planting in Euer Valley, Frog Lake, Maris Creek, Prosser Creek, Trout Creek and Carpenter Valley.

On July 27th 95,000 fish will be received for planting in Prosser Creek, Maris Creek and the Little Truckee. These fish will be much larger than the average run of fish received for planting.

Two cars have already been received and were planted by Capt. Sanders with the assistance of members of the Truckee River Sportsmen's Association.

The Truckee River Sportsmen's Association who are maintaining the rearing ponds of the San Francisco Fly Casting Club have suggested that members of the association and all interested in the work the association is doing should stop at the rearing ponds and see the fish that are being taken care of there. They will be welcome at anytime and the man in charge will be glad to show them around the plant.

## CAR PLUNGES INTO TRUCKEE RIVER

Mrs. Isabelle McCluskey of Vallejo and Henry Sousa also of Vallejo were injured last Thursday night when their automobile failed to make the curve at the bridge near Hirschdale and went over the bank into the Truckee River.

Mrs. McCluskey was taken to a Reno hospital where it was found she had a serious scalp injury. Sousa was only slightly injured.

The car was brought to Truckee for repairs and was considerably damaged.

## Federal Agents Collect Fines For Minor Violations

Federal liquor agents were in town on Sunday to check up on the various establishments who are licensed to sell liquor. In most every establishment some minor violation was found and a fine of \$10 collected from the proprietor. The violations ranged from not having the license properly displayed, beer barrels improperly stamped to serial numbers not being obliterated from old discarded containers.

## Mrs. Steel Catches 3 Pound Trout In River

Mrs. Stanley Steel of Stockton, who has been spending a two weeks vacation in company with her husband at the home of her brother, Frank Kinne, landed a three pound trout while fly fishing in the Truckee River last Sunday. In addition to the large trout she also caught six smaller trout. Mr. Kinne caught fourteen trout while Mrs. Kinne had eight. Flies were used by the party and the fish were caught near Boca.

## MAYOR REGISTERS

Bernard F. Dickmann, mayor of St. Louis, being an ex-sergeant of marines and a loyal Legionnaire, was the first to register for the American Legion National convention that will open September 23 in the City by the Bridge. Charles E. Downs, registration chairman for Missouri, is here seen receiving the mayor's card.

## Job Hunters Flock to California

For weeks before the apple season opened in Sonoma county, California, families seeking employment were swarming into the state and crowding the auto camps. Many sold their ramshackle cars for a few dollars and were soon stranded. Here is a typical out-of-state family in the orchard country.

## \$500,000 IS SET ASIDE FOR BOCA STORAGE PLANT

## Reclamation Bureau Announces Allocation For Truckee River Plan.

WASHINGTON, July 16 — The bureau of reclamation said July 15, the \$500,000 it had requested from the Works Progress Administration for Nevada's Truckee River Storage Project would be applied to the construction cost of the Boca Dam on the Little Truckee.

The \$500,000 represents the equivalent of an amount previously allotted to the project by the PWA and which subsequently was impounded. Should the money be made available, it will, in effect, amount to a reinstatement of the previously impounded fund.

The bureau officials said the entire cost of the Boca Dam would not exceed \$1,500,000, the sum which will be available when and if the works administration gives direct approval to the request for \$500,000. One million dollars already has been set aside for the project by the Public Works Administration.

The Truckee Meadows water users have yet to vote official approval of the repayment feature of the loan. In this connection, the bureau pointed out that the \$500,000 asked by the works administration would not represent an outright grant of funds for the project, but would have to be repaid by the water users along with the other \$1,000,000.

The reclamation officials said the bids for the storage dam will be advertised within a few days.

## District Meeting of Legion In Roseville

The District No. 6 Department of California, American Legion will meet in Roseville on Sunday, July 21st. The election of officers for the 1935-36 term will be held at this time. Hugh McColl who is now vice commander of the Sixth District will be a candidate for district commander, and has the endorsement of Truckee Post.

Delegates from Truckee Post will be Frank Holt, James McIver, Pete Borsi, Frank Carson and Hugh McColl.

## Father of Mrs. McColl Passes Away In Reno

Wm. Elliott, a resident of Nevada for over sixty years passed away at his home in Reno last Friday. He was the father of Mrs. Hugh McColl.

Mr. Elliott was a member of the Knights of Pythias of Carson City who conducted the funeral services on Monday in Reno.

PATRONIZE OUR ADVERTISERS

## Ten Acres Burned In Truckee River Canyon Fire

Ten acres of land was burned over as the result of a forest fire that started in the Truckee River Canyon last Monday afternoon. The fire was brought under control by CCC enrollees from Lake Tahoe, directed by the forestry service in town, power company linemen and a railroad section crew.

The general superintendent, C. E. Fletcher, of the Sierra Pacific Power Co. came from Reno to direct ten linemen called from lake points to save the company's power line which goes through this section. With the exception of two charred poles, the company suffered no loss.

## KENYON WADE IS GUEST HERE

Kenyon Wade, educator and writer, is spending the summer in town and while here will do considerable writing. He plans to write sketches of points of interest in this region for eastern Sunday Newspapers. Most of his work is of a general informative and inspirational character.

Mr. Wade is a native of Cleveland, Ohio and makes his home in Asheville, N. C. He formerly was on the staff of the Dearborn Independent and has been a contributor to McClure's and Everybody's magazines as well as other well known magazines.

For 13 years before becoming a writer, Mr. Wade was superintendent of private schools and was at one time connected with Chicago Military Academy.

When he was 21 he took up lecture work and for two years was on the public platform speaking for the Appreciation League of America.

Mr. Wade now is devoting practically his entire time to writing.

## Paymaster For SERA Makes Visit

C. D. Locher, traveling paymaster for the SERA was in town on Wednesday to distribute pay checks to the SERA workers on the local projects.

The pay checks for the SERA are now being handled by the traveling paymaster who plans to make weekly visits and have charge of distributing the checks, instead of having them handled through the local bank as formerly. In the event, that Mr. Locher is unable to make the weekly visit it will be arranged to send them through the bank however.

Mr. Locher was former county auditor of Placer County and comes from the Auburn office of the SERA.

## Mrs. Maynard Condition Much Improved

Latest reports from the Southern Pacific Hospital in San Francisco are that Mrs. Wilbur Maynard who was severely injured in an automobile accident on July 6th is greatly improved and her condition is considered favorable.

## Reckless Driver Given Jail Sentence

Mrs. Romaine Yue of Colfax was arrested on Tuesday night on the Reno Highway by inspectors at the Quarantine Station after crashing into the sign in front of the station and driving at an excessive rate of speed. The woman was turned over to Traffic Officer McKeen who placed a charge of reckless driving against her. She was given a hearing in the local justice court before Judge C. E. Smith and fined \$25 and being unable to pay the fine was given 12 days in the county jail. Deputy Sheriff Tom Dolly took the woman to the county jail at Nevada City on Wednesday.

## Publicity Given Tahoe Region By Travel Magazine

Touring and recreational attractions of the great middle Sierra vacation land are invitingly featured in the July issue of Motor Land, travel magazine published by the California State Automobile Association. Play places of the Lake Tahoe Feather and Yuba river regions are reviewed in a profusely illustrated lead article in the motorists publication. Further emphasis is given the subject by a cover design consisting of a striking photograph of typical high Sierra lake in the Tahoe area.

Main motoring arteries stemming from the valley roads at Red Bluff, Oroville, Grass Valley, and Sacramento lead travel up and eastward into this marvelous outing country, with lesser but attractive roads from other points, the article points out.

Written especially for Motor Land by D. R. Lane, the story of the middle Sierra brings attractions of the region to the attention of more than 62,000 motoring families in northern and central California embraced in the membership of the Automobile Association. Scenic, historic, and recreational features are presented in a way calculated to strongly influence an increased tide of travel to the localities described.

## THREE INJURED WHEN CAR UPSETS

Mrs. Arvilla Downing and two daughters, Margaret and Dorothy of Pittsburg, were injured in an automobile wreck on Saturday when their car turned over among the granite boulders on the Donner grade. Their car was forced off the highway by an ascending car at the curve just east of the Donner bridge.

The injured women were brought to the office of Dr. Bernard for medical attention. Mrs. Downing the most seriously hurt suffering a deep scalp wound. The other two were cut and bruised.

## MANY VIEW LUNAR ECLIPSE

The first total eclipse visible in the United States since 1927 was seen on Monday when the sun and moon and the earth rolled through space to provide a total eclipse.

The period of the total shadow on the moon was 1 hour, 41 minutes, and was the longest period in a half century and another one will not so occur for another half century.

## Brother of Mrs. Zorich Dies In Yugo Slavia

Mrs. Jos. Zorich received word on Wednesday of the death of her brother, Marko Vujovich in Yugo Slavia on July 11th.

Mr. Vujovich will be remembered by many people in town as he visited with his sister many times. He returned to Yugo Slavia in 1921 and has since made his home there. He is survived by a wife and four children.

## Clerical Force Increased At Checking Station

A. J. Veglia has been added to the clerical force of the Checking Station due to the increased summer business.

Mr. Veglia has been at the Dunsmuir station and was transferred to the Truckee station.

## State Officials Seek Approval of Bond Issue

SACRAMENTO, July 18—(UP)—State officials made their most effective campaign cry this week for approval of the \$13,950,000 bond issue constitutional amendment to be submitted to voters in a special election August 13.

The bonds are sought for construction of additions to overcrowded state institutions.

"State hospitals, homes and prisons are deplorably overcrowded," according to Harry Lugens, state director of institutions. "Inmates occupy quarters in many instances designed to house only half the present numbers. Many sleep on floors, in basements and in old structures long since condemned as fire hazards."

Population of state institutions on June 30, was 19,437 although constructed originally to accommodate 14,325—making an excess population of 5,112 or nearly 36 per cent.

"The population of California's mental hospitals has been increasing at the rate of 1,000 persons a year during the last five years," Lugens said. "No new buildings have been constructed to meet the situation. Congestion has hampered state physicians in bringing about recovery of patients and in maintaining sanitary conditions."

If citizens approve the bond issue, it will enable the state to participate in an allotment of federal funds to supplement those provided by a favorable vote, he added. One major item is the expectancy of receiving \$6,000,000 in PWA funds to supplement a contemplated expenditure of \$3,500,000 for purchase of a site for a new Southern California prison.

The projects will be spread throughout the state and afford at least 4,705 men employment for a year, it was pointed out.

Lugens outlined the tentative building program for state hospitals as follows:

Pacific Colony—seven new wards, 560 beds, \$560,000; heating and water plant school and industrial units, \$765,000; Mendocino—custodial unit for 334 patients, two ward buildings for 540; Agnew—two wards for 800, heating and water system, treatment building for 100, \$870,000; Napa—receiving and medical unit for 125, two wards for 200, a ward group for 400, heating plant additions, \$900,000; Patton—wards and a farm colony, receiving and medical unit's, employees quarters, \$775,000; Camarillo—male custodial group for 1100, female custodial group, 1500, medical unit with 100 beds, industrial buildings, dining room, employees quarters, farm units, heating, refrigeration, laundry etc., \$4,000,000; Norwalk—ward building and treatment unit, boiler piping etc. 220 patients, \$330,000; Stockton, eight farm ward buildings for 960, kitchen dining room, other facilities employees quarters, heating and sewage plant, kitchen, bakery, \$1,089,000; Sonoma state home, seven wards for 560, water and sewage plants, \$575,000.

Mrs. C. Wood and daughter have gone to Lodi where Mrs. Wood will be employed by Dr. O'Connor.

## F. D. R. IN BRONZE

This forceful bronze bust of President Roosevelt, now on display in a New York art gallery, is the work of Jo Davidson, who has been called one of the greatest sculptors of all time.

### COMMENTS FROM CALIFORNIA NEWSPAPERS

By United Press

#### WAR CLOUDS LOOM

With Italy and Abyssinia apparently headed for an inevitable clash of arms, the complete impotency of the League of Nations again is being made clear, according to many California editors.

The only question now facing the world, it was believed, is how far the new conflict will spread.

"Treaties between nations," notes the Hanford Daily Sentinel, "have deteriorated into a mere scrap of paper, respected when convenient and ignored when interest dictates. They are not enforceable except by arms and nations have a decided hesitancy to invoke that means. In the face of flagrant breaches, governments will continue to enter into solemn agreements to respect the rights and territory of each other only to break them when interest dictates. Integrity among nations has dwindled to a low estate, indeed."

"The Ethiopian ruler," said the Santa Cruz News, "calls for help from the league of nations, of which he is a member, but the only answer is the echo of his wailing cry. Italy is too close to other European nations, too well-equipped to fight, to make it safe for the league to do anything but saw wood. It is all a farce, of course, and yet there are lofty spirits in the United States who think the league is a fine preventive of war and we should join it."

European nations, according to the Long Beach Press Telegram, "conceivable will go to war over the Abyssinian row, but, if it happens, it will not be because Italy is violating treaties and principles of international justice which the nations are pledged to uphold. If it happens, it will be because they find their own interests involved and in need of defense. The United States has no vital interests at stake in the Ethiopian dispute, and it will do nothing to defend the little nation under attack, or to entangle itself in a dispute with Italy. The bitter truth is that the nations in dealing one with another acknowledge but one law, and that is the ancient law of self interest in the immediate, narrow sense."

"If, as is reported in news dispatches from London," points out the Humboldt Standard, "Great Britain definitely decides to lead in an eventual blockade against Italy, nobody can predict what is apt to happen. In that move, of course, England would require the co-operation of other European powers. One fly in the ointment in that respect is the late misunderstanding between England and France relative to the question of Germany's naval rearmament. In any event, however, come what may, it is a good time for the United States to attend strictly to our own business, mindful as we are of the bitter lessons learned from the World War."

"Secretary Hull," remarks the Stockton Record, "found an easy way to sidestep entanglement of the United States in the Italo-Ethiopian embroglio. To the appeal of Emperor Haile Selassie to invoke the Kellogg-Briand pact to halt Italian designs on Ethiopia, the American secretary countered that the League of Nations should be able to settle the dispute. Obviously with his tongue in his cheek, Mr. Hull replied the American government was 'loath to believe' either disputant in the African crisis would take any action counter to the commitments of the Kellogg-Briand treaty."

"Can Italy afford to take the chance?," asks the Santa Rosa Republican adding: "Sentiment usually favors the under dog. Mussolini's pugnaciousness is known. Abyssinia's military weakness is likewise everywhere recognized. Britain threatens trade reprisals against Italy in the event Mussolini pursues his threatened relentless warfare against a weaker nation. Friends of Italy are sincere in their desire to see Mussolini desist in his ambition to conquer Abyssinia. The world hopes for an amicable settlement."

### Politically Speaking

By GEORGE E. HELMER  
(United Press Staff Correspondent)

SACRAMENTO, July 18—(UP)—Many members of the senate have developed serious political headaches because they weren't a little more careful when they passed the resolution calling for appointment of the civil service investigating committee.

Developments at Los Angeles, where the committee is delving into

liquor licenses and other highly explosive subjects, caused some of the leaders to question the authority of the committee to enter into such broad fields.

A study of the resolution, made too late, revealed that amendments had been made giving the committee power to investigate activities of virtually every state agency. As a result there is considerable unhappiness concerning the eventual outcome of the inquiry.

Governor Frank F. Merriam entered the final week of the bill-signing period with more than 600 bills

left on which he must take action.

Continued delay in announcement of action was seen by some state officials as a political maneuver to keep unfavorable comment down to a minimum inasmuch as many persons will be displeased no matter what action is taken on the remaining bills. The theory is this:

By announcing approval of bills in wholesale lots and leaving the others die by "pocket veto" at the end of the bill-signing period July 20, there will be such a mass of detail that little consideration can be given by the press to any one item.

At a recent "mutual admiration" banquet of members of Governor Merriam's official family and friends the most popular "joke" was staged by Frank Fay and Zeppo Marx of the stage and screen. It went like this:

Marx: What's that button you're wearing, Frank?

Fay: That's a "Merriam for governor" badge.

Marx: Yes, but Merriam has already been elected governor.

Fay: Sure, but I'm having the button changed to read "Merriam for president."

Later the governor admitted there were quite a few of his friends who would "prefer an appointment under a president."

Appointment of an adjutant general to succeed the late Seth Howard probably will be delayed for a month or more.

Sources close to the governor indi-

## The City Cousin

(Copyright, W. N. U.)

cated he was looking for a man capable of meeting situations similar to that which occurred in the San Francisco bay strike last year.

Two officers prominently mentioned for the post are Wallace Mason, Sacramento brigadier general and overseas veteran, and General R. E. Mittelstaedt who served as adjutant General under Gov. C. G. Young.

California grocers now hold the record for the greatest demonstration of mass lobbying. Approximately 2,000 independent merchants and chain store workers appeared at the capitol for the governor's hearing on the chain store tax bill. The entire capitol police force was called out to prevent any over-enthusiastic demonstrations, but experienced no trouble. The chain store tax bill was expected to be one of the last on which the governor would take action, although most of his

advisors were reported to have recommended favorable action.

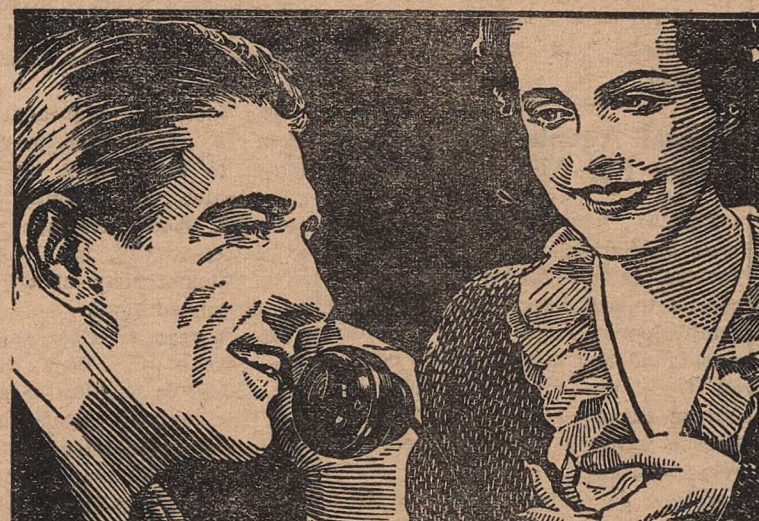

Ralph H. Clock, one of Gov. Merriam's closest friends and advisors, probably will be offered appointment to the bench of the second district appellate court in Los Angeles, according to current reports.

The court vacancy would be available when Justice Gavin Craig, convicted of conspiring to obstruct justice in the Italo oil case, either resigns or is removed from the position.

It was considered likely by political observers, that Clock, former senator and superior judge, would refuse the offer.

It would be nice if we could have some criticism of the Government from somebody who had just been hired, instead of from somebody who had just been fired.

### Veteran County Clerk Issues License to Daughter

AUBURN, Calif. July 18—(UP)—Arthur S. Fleming, veteran Placer county clerk, participated in a rare ceremony recently when he issued a marriage license to his own daughter.

The license was issued to Newell B. Wright, 24, San Jose, and Edna Elaine Fleming, 21, the official's only daughter. A large audience, comprising courthouse officials and employees, witnessed the ceremony. Fleming, who has issued more than 1,000 licenses since taking office, followed his customary procedure of wishing the prospective bride and groom good luck as he delivered the license.

## TAHOE REGION NEWS

By Swanee

The Lake Tahoe Transportation Co. who are operating the steamer Nevada took a party from the Camp Fire Girls Camp at Sandy Beach on a trip around the lake last Sunday.

This company has been running excursions twice a week from Conference Point for special parties.

Redhot weather has at last descended upon the Tahoe region as well as the inland valleys, sending a steady stream of cars into our environs to enjoy the cool lake breezes, swimming and other summer recreations. The past week also witnessed several thunder and lightning storms with freshening showers succeeding them. Cottages and resorts, for the most part, are filled to capacity. Highways, early and late, present the familiar sight of hikers and horseback riders.

The Tavern show house is presenting some extremely worth while pictures this week and next, "Black Fury" with Paul Muni, Wallace Berry's "West Point of the Air," "Ruggles of Red Gap" with Charles Ruggles, "Roberta" with Fred Astaire and Irene Dunne and "Sequoia" are but few of the finest booked for the near future. On Tuesday evening a weenie roast on the Tavern Beach was enjoyed by the guests, and an excursion on the steamer Nevada was scheduled for Wednesday. On Saturday night the casino will be transformed into the semblance of the interior of a ship, with a program scheduled in keeping with the atmosphere. A night on the high seas, it is being billed.

**FOR SALE**—Complete Flamo outfit with modern gas stove. All kinds of second-hand furniture. Chambers Lodge, Lake Tahoe. 7-25

Mr. and Mrs. Alfred Hertz, who are guests at the Tavern this week, entertained on Monday night a large group of friends at dinner. Mr. Hertz is the famous symphony orchestra director of San Francisco. Miss Glenda Farrell, Warner Bros. star, and Hazel Forbes of New York stage successes, have departed for home after a vacation at the Tavern. The orchestra engaged for the season at the Tavern and for the theatre is that of the Joaquin Grill, Hotel Oakland. The ten piece rhythm makers are proving very popular this season with their audiences.

William Thomas of the Tahoe Mercantile will leave Tahoe about the first of August to take over the management of the Hobart Grocery, where he was manager for years. His daughter Bernice Thomas, is there visiting now. His many friends here regret his departure, but this will be offset by the many Hobart friends who will gladly welcome him back.

Mrs. Myrtle Farley, Mrs. B. Gallagher and nephew, of Sacramento, visited Mrs. Adella Ames in Tahoe City on Sunday.

Mr. and Mrs. L. Yeakel and son,

Rodney of Oakland, who are vacationing at Tahoe, have purchased a lot in Lake Forest and erected a small cottage in which they will live temporarily, planning to build a nice home later on. Her sister Mrs. R. C. Himes of Piedmont, accompanied by her husband and son Roger, have taken a cottage at Richardson Camp for a month.

Mrs. and Mrs. Alan Farnan of Beverly Hills are occupying one of the Wagner cottages in Lake Forest for the season. Mr. Farnan is employed at the Mercantile.

Sherman Posch is the smiling young man who serves customers at the new Richfield station in town. The station is directly under the supervision of Weller Atherton, the grocer.

Ben Callender has opened his new addition to the summer vacationists at the Hut.

Miss Kay King and Elmer Johnson (Mrs. Malcolm's son) have departed for their homes in Sacramento after having spent a delightful ten day vacation with the Malcolms.

Captain and Mrs. Henry Rose have returned to Tahoe following a visit in Auburn. While there they met Mrs. Frel Cowell, who has been staying there for the summer, who plans a visit to Tahoe within several days.

Other recent Tahoe visitors were Emma Irvine and sister May of Sacramento, who spent the weekend in town with friends, continuing on by motor to Detroit.

Stella Watson was successful bidder on the school bus contract which was let open to bids about the middle of June by Mrs. Northie Pomini, clerk of the local school board. Despite the repeated threats of competitive bids, Mrs. Watson was the only bidder. A petition was received by Mrs. Pomini both from the mothers and the children themselves, expressing highest confidence in Mrs. Watson and requesting that she be allowed to retain the contract.

Miss Victoria Borel, daughter of Mr. and Mrs. Antoine Borel, entertained a group of the younger set at the dinner dance at the Tavern on Saturday night. Among invited guests were Miss Anne Par and her houseguest Miss Tania Whitman, Miss Barbara Plesce and Miss Louise Van Fleet and Messrs. Charles Kendrick, Jr., Edward Porter, John Rapp Jr., William Newhall and Scott Martin.

At Brockway are Mrs. McBean and daughter who are remaining for several weeks.

Mrs. Alan Field and Mrs. Empey Robinson entertained at a large and luncheon party at the Tavern on Saturday.

Mrs. Wellington Henderson and sister, Mrs. Walker Hearst, entertained over the week end Mr. and Mrs. Donald Gregory and Jack Merrill.

Governor and Mrs. Richard Kirman started the new addition to their summer home near Pomini's Resort on Monday. Workmen are engaged in tearing out one side of the house on the north end, where a fine large room will be added. Miss Virginia Faye of Sacramento is the new assistant at the Tahoe telephone office.

The pouring of the concrete foundation at the new Tahoe school will be done this week according to Contractor Keating. Work has been a little slower than was anticipated, but from now on the structure is expected to rise with more speed. He expects, with good weather, to have it ready for occupancy by Oct. 1st. Nicholson and Son of Vacaville received the heating and plumbing.

## Speed Control Device for Autos

J. J. Huebscher of Minneapolis is shown with his regulating rheostat mounted on the cowl of a car just inside the windshield. The position of the dial determines the maximum speed of the car. A white light on the left burns at proper speeds, and a red light at right burns when the speed is excessive.

contract, and Otto Darlin will do the electrical work.

Mr. and Mrs. Henry Kanter of San Francisco arrived on Friday to visit at the Westphal summer home "Westlake" in the Sunnyside district, for a week. A. R. Westphal and Clifford Smith left on Monday morning to spend several days in San Francisco. Miss Barbara Westphal departed with her mother Mrs. Eleanor Westphal, for a week's vacation on the Feather River.

David Farmer Jr. rather reversed the usual birthday procedure on Sunday night when he arranged a birthday dinner for himself at the home of his uncle J. T. Clark, with whom he is vacationing, and who was the surprised one instead. Guests included Mrs. Laura Westphal, A. R. Westphal, Mr. and Mrs. Henry Kanter, Mr. Clark and David Farmer Jr.

Mr. and Mrs. C. Clemen, his mother Mrs. J. Clemen and four sons of Lodi visited at the A. D. Brodehl home in Tahoe City last week. The Brodehl's daughter, Mrs. C. Jones, accompanied by her husband motored from Stockton this week to visit Mrs. Brodehl who recently underwent a serious operation is making slow progress in recuperating. Her health is good except for her inability to walk much yet.

Mrs. M. Burnett, mother of Howard Burnett, mail boat pilot, is vacationing with her son at Tahoe.

Mrs. Muriel Howrigan and daughter Barbara, of Sacramento are house guests of the N. R. Mayfields in town.

Tahoe Inn has been filled to capacity most of the time, despite the bad weather and other setbacks of the season. Recent guests included Mr. and Mrs. W. B. Clark of Marysville, Mrs. George Renner and daughter Ina, of Pasadena, Dr. Leo B. Walsh and family of Denver, Colo., and E. M. Schino and William Malloy of Sacramento.

At Homewood Hotel guests this week are Barbara Williams of Sacramento, Mr. and Mrs. C. L. Bartlett of Pasadena, Marcus Gunn and R. A. Smith, Earl W. Chapman of Sacramento.

A real surprise was furnished Tahoe residents when it was learned that Lief Nielsen, foreman at the Kaiser estate, Tall Pines, remarried his divorced wife Evelyn on Wednesday last. The ceremony was performed by Judge George Bliss.

Alabama Inn on Top o' The World is fast becoming the popular choice of these connoisseurs of good food who appreciate the best. Judge and Mrs. Jorgenson of Fallen Leaf were hosts on Saturday night to a group of eight friends, and Dr. and Mrs. G. B. Fuesel of Homewood entertained six friends on the same evening. Contrary to erroneous reports, meals may be obtained very reasonably here. An unusual combination of breakfast and lunch is served vacationists who enjoy their morning sleep, from 11 to 2, and is called "Brunch," a name quite familiar in Hollywood.

Christian Science services are being held each Sunday at 2:30 at the Tahoe Women's Clubhouse, a large group meeting to enjoy them. Readers have included Miss Brown and Mrs. A. P. Crist of Tahoe Pines.

a long distance. When his companions reached him, they found that he had broken his nose and had a possible fracture of the cheek bone. The Hengells got him into their automobile and brought him home. He was then taken to Hobart Mills Hospital where Dr. Green advised he be left in a hospital. He was taken by friends on Monday to the hospital in Sacramento where he will remain indefinitely for treatment.

On July Monett Hamilton elated his family by bringing into camp one of the largest rainbow trout ever caught in this region. The fish measured two feet in length and weighed 5 pounds. The youngster had spotted him in a deep pool up in Blackwood Creek where he was fishing with his father and friends. He said he deliberately lured him holding his breath while he dangled a dozen choicest worms on his hook above his nose. The ruse worked and he was successful in landing it. Had he retained the fish for one more day instead of sending it to an aunt in Oakland, he would have captured the \$40.00 fishing outfit offered by Montgomery Ward in Reno for the largest trout of this breed caught in local waters. The prize was taken by someone bringing in a 3 pounder. He caught it with a little old sawed off pole 5 feet long and used rotting but worms as bait. The Hamiltons have been successful this season bringing in limits many times. The Rubicon River is reported to contain a plentiful supply of fish which are both large and easily caught. A trip they made to Miller Lake recently proved a failure from the fishing viewpoint, nothing being taken.

Mrs. M. Oliver of Alhambra is spending the rest of the summer with her son William Oliver and family of Lake Forest.

## HOBART MILLS

Everyone in Hobart Mills turned out to serenade Mr. and Mrs. T. D. Thibault on Monday evening when a charivari was given to the towns newest newlyweds. Early in the evening Mr. and Mrs. Thibault went to Truckee and while they were out of town a "Lumbermans Chariot" had been prepared and decorated for the occasion and was hauled down the highway to meet Mr. Thibault and his bride and escort them into town in style. The heavy iron four-wheeled cart used around the plant was gayly decorated with garlands of mountain sunflower and a chair big enough for two" was attached to the cart. A gay patchwork quilt decorated the chair and the rig was decorated with an array of cowbells.

and tin cans with numerous pairs of old shoes tied dragging behind the cart. The aid of Charles McKeen who is the Traffic Officer at Truckee was sought and under his direction the side roads were all guarded so that the procession would arrive in town in due form, and be directed through the main street of town. As the car driven by Jack Chubbuch drew near to Shed 18, Mr. McKeen swung his white car ahead and blowing his siren swung around ahead and halted them. Then Mr. and Mrs. Thibault were requested to continue the trip in the especially decorated carriage that was drawn by men employed with Mr. Thibault in the Hobart box factory. The procession was formed led by Mr. McKeen with the siren announcing their arrival. Mr. and Mrs. Thibault were escorted to the hall where preparations had been made for a reception. J. B. Clark in a few well chosen remarks presented the honored guests with an electric mixer, with all the attachments, extending congratulations and the best wishes of their friends. After a social hour when all had a chance to greet Mr. and Mrs. Thibault, they were again invited to ride to their home in the conveyance that was built before the days of rubber tires, springs or any shock absorber equipment.

Hobart Mills experienced a severe thunder storm on Saturday evening and another on Sunday afternoon, but with the disturbance a great distance from here. Quite a shower of rain fell on both days that cooled the air and relieved the heat considerably.

The thunder was particularly severe on the high mountains east of Lake Tahoe, where old Mother Nature tries out all her fireworks during the thunder storms that often visit the mountains in summer. One band of sheep belonging to Joe Sario of Gardnerville, Nevada were ranging in the vicinity of the storm on Sunday and the sheep were bunched so close that when the lightning struck the tree where they had gone for shelter, there were a hundred and four head of dead sheep on a space not larger than a fifty foot circle. John Etcheberry, manager for Mr. Sario stated that the sheep killed by lightning in this manner leaves no chance to salvage even meat for the sheep dogs. Mr. Kruger, in charge of the Red House Ditch Camp for the Virginia-Gold Hill Water Company, who went up to see the sheep stated he could not see how so many sheep could lay in such a small circle without some human agency. The loss is a heavy one to Mr. Sario at this time as the spring lambs are almost ready for the market and the loss was keenly felt.

The third of the series of card parties given by the Hobart Mills Parent Teachers Association was held last Thursday evening at the schoolhouse, with Mrs. Les'ler Edwards and Mrs. E. K. Wilson acting as hostesses for the evening. There were seven tables of bridge and prizes were awarded to Mrs. Oscar Olsen and Mrs. Frank Wilson for the evenings high scores. These parties are becoming quite popular for the summer months and the P. T. A. will probably continue them for a few weeks longer.

Mr. and Mrs. William Hamilton of San'a Cruz were house guests of

## HOBERT MILLS NEWS

(Continued from page 3)

Mr. and Mrs. Joe Joutet on Friday and Saturday of last week.

Mr. and Mrs. William Hamilton of Santa Cruz will spend this week visiting with Mr. and Mrs. Oscar Swanson at Camp 21.

Mrs. Harry Wood went to San Francisco on Monday where she will spend the week.

Harold Goode a former resident of Hobart Mills, who is employed in Truckee was a visitor one day last week.

Frank Wilson accompanied by Jas. M. Giger, E. Eangeovetti and A. Irianchi went to Little Valley on Monday to take care of a small fire on Hobart holdings in that vicinity.

Gilbert Walton a former baker employed by the Hobart Es'at Company was a visitor on Friday afternoon.

Mr. and Mrs. Howard Wilson and a party of friends from Reno visited at the home of Mr. Wilson's parents Mr. and Mrs. E. K. Wilson on Sunday, going to Sage Hen for a picnic.

Mrs. Irene Bell of Tahoe City is visiting at the home of her daughter Mrs. Don Fletcher and family this week.

Mr. and Mrs. T. D. Thibault returned to their home on Friday from a two weeks visit to southern California points and attended the Fair at San Diego.

Mrs. E. Wilmoth of Sacramento is the guest of her grand daughter Mrs. Walter Viggers and family and has been the honor guest at several dinner parties in town. Mrs. Wilmoth resided here with her daughter Mrs. D. M. Goode for several years and has enjoyed the chance to renew old friendships.

Mr. and Mrs. Albert Canady have moved to Reno where Mr. Canady has accepted employment in one of the Reno lumber yards.

Max Beck, is staying in Hobart Mills while doing some painting and paper hanging.

Mr. and Mrs. Henry Mathews of Sparks were guests at the E. C. Murray home on Monday.

Mrs. H. C. Young entertained a few friends at dinner on Monday honoring Mrs. Wilmoth of Sacramento. The following attended: Mr. and Mrs. Walter Viggers and son and daughter and Mrs. Ellen Connors, Mr. and Mrs. Young and Mrs. Wilmoth.

Mr. and Mrs. T. K. Oliver and family have returned from a camping trip over the weekend at Lake Tahoe.

Mrs. Roy Gates and son were Sacramento visitors on Saturday, where they visited relatives.

The box factory was closed down Friday afternoon and Saturday on account of necessary repairs on some of the machinery.

Leroy Wilson and Jim Fippin made a trip to Little Valley on Friday where they went to deliver a load of pipe.

Mrs. Bert Burdick has returned home after an extended visit in the Bay region, and is much improved in health.

Mrs. McDermott and family arrived on Sunday to spend a few days and will be accompanied home by Ed McDermott who has been employed here for the past several weeks.

Mrs. and Mrs. H. G. Seibold were Sparks visitors on Sunday.

Miss Margaret Landrith has returned home from a weeks stay at Zephyr Cove where she attended the Girls Camp with other Reno High School students.

Mr. and Mrs. V. C. Mack visited the Feather River country on Sunday and enjoyed the new road from the Little Truckee river to Sierra.

The regular Four L meeting will be held at the hall on Tuesday evening of this week when plans will be completed for the Four L picnic to be held on Sunday at the Eldorado Camp Ground on the southern end of Lake Tahoe. The picnic will be held jointly with the Camino Four L Association and transportation will be provided for anyone having no way to get to the picnic. The

Nothing to be sniffed at was the \$25,000 will left by this Eskimo spitz, by his late mistress, Miss Margaret McDermott of Chicago, who asked that he be placed in the home of a woman who loved dogs. Pet is now the charge of Mrs. Hulda Rhode and her grandson Lawrence Dennis shown here, who were friends of Miss McDermott.

starting time has been set for ten a. m. Sunday morning.

Mr. and Mrs. T. D. Thibault accompanied by Mrs. Thibault's mother Mrs. William Harry spent the weekend in Nevada City.

Ben Sweatt of San Francisco and Gus Lottie of San Mateo are the house guests of Mr. and Mrs. James Percy and family this week.

Ray Canady arrived from Los Angeles on Saturday and spent the weekend at the home of his parents Mr. and Mrs. E. W. Canady. Mr. Canady was married in Reno on Monday afternoon and with his bride are spending their honeymoon at Lake Tahoe. Mr. Canady is employed in Los Angeles where they will reside.

Miss Gloria Gilroy of Merced accompanied by her brother visited at the home of Mr. and Mrs. Mark Richardson over the weekend. Miss Gilroy is a telephone operator in Merced and returned to her home, but her brother will remain here for a visit. Their mother is a sister of Mark and Forest Richardson, and a daughter of Charles Richardson.

Elmer Horan is the owner of a new Ford coach.

Dr. and Mrs. Schwing and family accompanied by Mr. and Mrs. Harry French spent the weekend at Russian River.

Mr. and Mrs. W. C. Caples entertained Mr. Caples' mother of Elk Grove and their nieces the Misses June and Virginia Grover over the weekend.

Mr. and Mrs. Benson also of Elk Grove were guests of Mr. and W. C. Caples over the weekend.

Mrs. H. B. Canady and son Bobby and Margery Canady enjoyed swimming at Donner Lake on Monday afternoon.

Mr. and Mrs. John Casbohm went to Sacramento on Friday where they visited Mr. and Mrs. Harry Miller and Mrs. Crammer over the weekend arriving home on Monday. Mr. Casbohm enjoyed some fishing while away.

Mrs. Walter Kelso and son Walter Jr., of Fresno are the guests of Mr. and Mrs. Morris Cardinal for the summer.

Mr. and Mrs. Frank Motisi and family of Diamond Springs spent the weekend at the home of Mrs. Motisi's parents Mr. and Mrs. E. W. Canady.

Mrs. Frank Wilson and son Harold spent Sunday with Mr. and Mrs. George Seymour at Brockway.

Mr. and Mrs. Erle Martin and family were guests at the summer home of Mr. and Mrs. Ray McDonald on Sunday.

Mr. and Mrs. Ray McDonald and family spent the weekend at their cottage at Lake Tahoe, and entertained many guests from Hobart Mills on Sunday.

Forest Richardson has gone to Sacramento where he will seek medical attention and visit friends.

Traffic Officer Charles McKee and wife of Truckee visited friends in Hobart Mills on Monday.

Mr. and Mrs. F. A. Alexander have moved into the house vacated by Mr. and Mrs. Cliff Patton Mr. Alex-

ander is a sawyer in the sawmill and they have been living in one of the Oscar Lindsay apartments.

## NORDEN NEWS

Frank Cain was seriously injured in an auto mishap just west of Colfax last Sunday, cause of accident not known.

The summer home of Mrs. Wayne Tilden on Norden Terrace was filled with friends and relatives last Saturday evening who arrived from far and near to assist in dedicating her new home which has just been completed. Several useful articles were presented the Tildens. Those present included Miss Helena Hart of Marion, Ohio Mr. and Mrs. James Darwin, Mr. and Mrs. Tobin, Mr. and Mrs. Lloyd Lyons, Mr. and Mrs. Harold Todd, Mrs. E. F. Donnen with all of Sacramento, and Mr. and Mrs. John C. Lyon of Norden.

Abrome Berolozzi and Robert Ralston of Norden braved the heat of the valley last Saturday evening to attend a theatre party of college students at Sacramento.

Burt Mack with his family and mother, Mrs. Lillie Mack of Sacramento drove to Norden to escape the heat last Sunday and were guests at the Kramer home.

Mr. and Mrs. Manuel Berry of Norden spent last Sunday in Sacramento on business.

Mr. and Mrs. R. Smith with their son, Rudolph are now in their summer home at Summit, they having arrived from Roseville.

Latest arrivals from Yuba City include, Mr. and Mrs. E. W. Pelham and son, Gordon.

The Summit dairy is now in operation with the Ira Wilson family

arriving last Saturday from Rocklin.

Karl Knecht and family have returned to Sacramento after a week in Summit.

The Boomer home at Summit had as their guests Mr. and Mrs. Hans Halderson and daughter, Clair of Towle last Sunday.

Clarence Libby, Alexander Baker and George Kading motored to Sacramento last Sunday.

Mrs. Joe Gilman and two sons of Roseville are occupying their summer cabin on the shores of Lake Van Norden for several weeks.

The Plickinger home was well filled with friends the past week. Miles Curran was a Colfax visitor for two days last week.

Ken Lyons has interests in Truckee the past week that would not be termed purely business.

Albert Proteau enjoyed a motor ride to Truckee one evening this week.

The Vincent Antonicelli home has been the scene of many social gatherings since the arrival of his family.

## Vocational Rehabilitation Program Planned

SACRAMENTO, July 18—(UP)—Definite hope for more general employment of physically handicapped persons in industry is held out by the state department of education.

According to a recently completed survey, the state government is demonstrating the practicability of a vocational rehabilitation program for the physically handicapped.

"When it is understood that the cost of maintaining one person in idleness or partial idleness in an institution ranges in some instances to over \$500 a year, the desirability of utilizing those who are capable of productive work in state employment and allowing them to earn an independent living is worthy of consideration," said H. D. Hicker, chief of the vocational rehabilitation bureau.

Investigators found that the state, the greatest employer in California, was also the employer of more disabled persons than any other business.

It was found that approximately 7.6 per cent of all state employees have some degree of physical impairment.

"There is nothing to indicate that their services are unsatisfactory or that they are in any way differentiated from other state employees," officials stated.

In submitting its report, it was evident that the department is attempting to break down the generally arbitrary rule on the part of industry against the "employment of physically handicapped, regardless of fitness for specific positions."

The survey disclosed that the largest number were in crafts and labor service. Salaries were found on the whole to be "not significantly unfavorable."

It was found the average period of service of disabled state employees was seven years. Those em-

ployed more than nine years, constituted 25 per cent of the total. These figures however, may prove subject to revision as civil service terms lengthen.

Only one-seventh of the employees require artificial appliances to aid them. Most commonly used were trusses for hernia while electric hearing appliances were second in number.

Only 28 per cent experienced difficulty on the job from physical disability. These reported however, that it did not interfere with their efficiency.

## Wine Industry Faces Favorable Season

SACRAMENTO, July 18—(UP)—California's steadily growing wine industry faces a favorable year in 1935, according to predictions of the federal state crop reporting service. "Vineyards are quite generally in good condition with an abundance of foliage, satisfactory moisture supplies, and to date less leaf hopper injury than for several years," the service report stated.

On the basis of these favorable conditions the production of wine grapes was estimated at 485,000 tons as compared with 476,000 tons last year. For the three previous years the production was variously 420,000; 363,000; and 306,000 tons, according to state records.

With the repeal of prohibition, the crushing of wine grapes naturally took a tremendous jump. In 1932 only 60,000 tons were crushed. The next year the figure jumped to 260,000 and last year the crushed tonnage was 301,000. Another substantial increase was expected during 1935.

Increases in other types of grapes, portions of which also will go into the making of wine and brandy, were reported by the service. This year's production of raisin grapes was estimated at 1,037,000 tons as against 878,000 tons last year. Table grapes were pegged at 352,000 tons or 6,000 more than last year.

The crushed tonnage of all grapes jumped from a low of 99,000 tons in 1931 to 530,000 tons last year and probably will approach 600,000 tons in 1935.

Other fruit and nut crops in California were reported to have made "satisfactory progress" in June with no change in the estimates of a month ago.

"In most counties early June brought the first hot weather of the season, while the remainder of the month was cooler and quite favorable for these crops. There were no rains or severe winds of importance to interfere with maturing or growing fruits," the report said.

## Prorate Commission To Keep Prorate Agreements

SACRAMENTO, July 18—(UP)—The state agricultural prorate commission is determined to maintain its prorates agreements among growers to obtain higher prices.

Beginning with an apple prorate which growers asked, the commission took court action to pre-

vent intended evasions of the agreement by shippers. A temporary injunction was granted in Sonoma county superior court, according to commission secretary Edson Abel.

The apple prorate applies to Gravensteins. It is expected the crop this year will equal that of 1933, or shipment of 2500 cars. This is a substantial increase over the ordinary average of 1700 cars, according to Abel.

Because a previous net price of 17 cents per box was far below production costs of approximately 50 cents, growers sought protection of the state's prorate laws in the hope of obtaining a more equitable return, Abel said.

Although there was strong opposition during the legislature to any extension of the prorate act, a bill enlarging the powers of the commission was approved by a substantial majority.

"It is reported that in Santa Clara county, about 80 per cent of the tomato growers have signed a petition for a prorate," Abel stated.

"This is extremely interesting in view of the flat statements made to the legislature by individuals from that county claiming to represent majority sentiment to the effect that there was no demand for the prorate act."

## INSURANCE BUSINESS SHOWS GAIN

SACRAMENTO, July 11—(UP)—Insurance business in California showed a substantial gain in 1934 over the preceding year, a report of the state board of equalization revealed.

Annual tax assessments against insurance companies' premiums for 1934 amounted to \$6,566,149.08, an increase of 13 per cent over 1933. Increased business was reported by all classes of companies with the exception of ocean marine insurance firms.

The increased volume in insurance business reflected the general improved conditions, the report said.

## Animal Husbandry Problems Attacked By State

SACRAMENTO, July 18—(UP)—The state is preparing to attack a new economic problem in animal husbandry.

Under provisions of a bill recently signed by Gov. Frank F. Merriam, the state division of animal industry is to institute a campaign against Bang's disease (pronounced Bong's) among cattle.

The legislature made only \$6,870 available for laboratory work but this will be supplemented by \$100,000 in federal funds to be used for identification of dairymen whose cattle are slaughtered in accordance with the eradication program.

Bang's disease is not as serious a public health problem as tuberculosis among cattle, according to Dr. C. U. Duckworth, chief of the division. Pasteurization of dairy products affords adequate protection. Those susceptible to infection are attacked by undulant fever, but it is seldom fatal.

"The disease is a wide spread condition of economic importance however," Duckworth revealed. "It works disastrously in curtailing milk production and the birth rate of calves. Cattle affected with the disease do not reproduce as readily as those never contacted."

The disease is peculiar to cattle in that it passes through the herds in cycles, gradually building up and attacking susceptible animals until a peak is reached, then wearing off, Duckworth said.

"Due to this fact, the disease lends itself particularly to quackery and fake livestock remedies," the chief declared. "For the past 20 years there have been many drugs, vaccines, salves and treatments sold at high prices to dairymen with no actual results."

Government experts are prepared to make use of a new vaccine which will assist in control of the disease, he added. The vaccine is to be used on calves prior to breeding age and should increase their immunity, it is hoped.

Hardly a herd exists in California which is not, to some extent, afflicted with Bang's, Duckworth admitted. Although tuberculosis is rapidly coming under control of the eradication program, Bang's is steadily spreading. State authorities said it might be necessary to curtail the shipment of cattle to this state not certified as free of the disease.

## Racketeers Capitalize On Black Widow Spider Scare

SACRAMENTO, July 18—(UP)—Racketeers are attempting to capitalize on the current black widow spider hysteria by spinning a web of fear around California citizens, according to state officials.

## Now How About Soundproof Celery?

Dr. Lloyd C. Shanklin, president of the United Brotherhood of Vegetarians, holds his odorless onion to the nose of Dr. Irene Austin, who doesn't mind at all. His method of cross breeding takes the sulphur out of the onion. In the onion it's the sulphur that smells. In you, it's the onion.

"The black widow existed in California before the white man came," said D. B. Mackie, Entomological Service supervisor for the state department of agriculture. "The hazard of being bitten is even less now than it was in the early days. It is only because of the widespread publicity given to victims that alarm has spread."

According to state health department officials, only 37 cases were reported in 10 years at the California clinic, Woodland. Two deaths which resulted were principally due to other complications, death being hastened by the poisoning.

The greatest number of cases occur during June, July and August and are the result of carelessness in using other than modern plumbing. There is little pain when bitten. A slight swelling and contraction of stomach muscles is evidence of the affliction. Treatment must be applied internally. Treatment as for rattlesnake bite is useless. Torture is useless. Physicians inject magnesium sulfate intravenously and the patient can be expected to recover completely within three days.

The widow is a reticent insect. It can be identified by a red mark on the underside resembling an hour glass. The body is shiny black resembling a shoe button. It attacks only when disturbed.

"Most sprays are futile measures for control," Mackie said. "A common house broom is the best

protection. They should be swept with their web and eggs from the walls and crushed. Creosote is the best spray material but must be applied with a first class spray and the insect must be saturated with the fluid, otherwise it is only temporarily paralyzed."

Mackie said many commercial firms had attempted to exploit the current alarm over the widow to seek a department order declaring an emergency, and recommendation for eradication. He said only two spray materials were available which might prove lethal and these had only been submitted to the department during the last week. The spider almost always recovers from the effects of an ordinary fluid spray, he revealed.

"The spider feeds on living insects and is not subject to any stomach poison," Mackie declared. "The state has power only to approve and regulate the sale of insecticides. It cannot reach that group of racketeers who are attempting to capitalize on public fear by selling 'service' of such type."

## At the Churches

Catholic Church  
MASS

Truckee ..... 8:30 a. m.

## M. E. Church

Sunday School ..... 10 A. M.

## Christian Science

"Life" will be the subject of the Lesson-Sermon Sunday, July 21, in all Churches of Christ, Scientist, branches of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "How excellent is thy lovingkindness, O God! therefore the children of men put their trust under the shadow of thy wings..." and thou shalt make them drink of the river of thy pleasures. For with thee is the fountain of life" (Ps. 36: 7-9). Other Bible citations will include: "In the way of righteousness is life; and in the pathway thereof there is no death" (Prov. 12: 28).

The Lesson Sermon will also include the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "DEATH. An illusion, the lie of life in matter; the unreal and untrue; the opposite of Life. . . . Mortals claim that death is inevitable; but man's eternal Principle is ever-present Life" (pp. 584, 512).

The average man's idea of comfortable circumstances would be to have enough money to be scared to death about a Share-the-Wealth program.

## LIONS INTERNATIONAL TO MEET IN MEXICO

CHICAGO, July 18—For the first time in its history Lions International is holding its annual convention in a non-English speaking country. On July 23 an estimated 6,000 Lions and their friends will gather in the capital of Old Mexico for their four-day nineteenth annual meeting. They will reach the Aztec capital by special train, by plane, by boat, and if the highway is in good condition hundreds of them will drive. Director General of Highways, Senor Gonzales, has ordered the Laredo-Mexico City highway closed until July 15 to prepare it for the convention traffic.

The convention program will be opened at 2:00 p. m., Tuesday, July 23, when International President Hascall of Omaha, official of the Standard Oil Company of Nebraska, will take charge of the sessions. His report, which will cover the record made by the Association during the past twelve months and will include recommendations for the new fiscal year will be one of the highlights of the business sessions.

Besides the business sessions for delegates and officers there will be an unusual amount of typical Mexican entertainment and hospitality. On Wednesday evening the President of the Republic of Mexico, Senor Lazaro Cardenas, will receive the delegates, and prior to this Ambassador Josephus Daniels will receive delegates at the United States embassy. Some of the convention proceedings will be broadcast over a national hook-up in Mexico, which will be relayed by a number of American stations. Trips to the famous pyramids of the Aztecs, and the floating gardens of Xochimilco, a Mexican circus, and a trip around Mexico City are among the special features arranged for the delegates. The convention sessions will be held in the magnificent Palacio de Bellas Artes, recently completed, while

many of the evening affairs will take place in the newly erected Foreign Club. It is expected that a large portion of the delegates will take advantage of the post convention tours through central Mexico which have been arranged for them by the Lions Club of Mexico City.

A unique feature of this convention is the use of a "Pullman City," for the accommodation of the delegates who will not be able to secure hotel rooms during the convention. Every hotel room and available apartment, and a good portion of the accommodations available in private homes are already reserved. Hundreds, possibly thousands will therefore stay in Pullman City during the convention, where they will have their own lighting system, their own police force, a special cabaret,

## NOTICE OF TIME FOR HEARING PETITION FOR APPOINTMENT OF TRUSTEES

No. 6480  
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

In the Matter of the Application for the Appointment of Trustees of the TROUT CREEK ICE COMPANY, a Corporation which forfeited its charter.

NOTICE IS HEREBY GIVEN: That Friday, the 19th day of July, 1935, at 10 A. M. of said day, or as soon thereafter as counsel may be heard, at the Court Room of the above entitled Court, at the Court House in Nevada City, Nevada County, California, has been fixed as the time and place for the hearing of the Petition of the above entitled matter, which is a Petition for the Appointment of Trustees and the determination of the identity of the directors of said Trout Creek Ice Company, a defunct corporation, and at which time and place any interested party may appear and contest the same.

Dated, June 26th, 1935.  
R. N. McCORMACK,  
(Seal) Clerk.  
By R. E. DEEBLE,  
Deputy Clerk.

7-18.

restaurant facilities, shops, baths, and even carefully laid out streets and boulevards lined with trees and flowers.

## NOTICE

### TO DELINQUENT TAX PROPERTY OWNERS

Section 3817J of the Political Code of the State of California, added and in effect June 12th, 1935, provides that where real estate has been sold to the State on or before July 6th, 1934, the owner may redeem the same by paying all unpaid taxes against the property, without any penalties, costs or interest charges. But he must redeem the property ON OR BEFORE SEPTEMBER 1st, 1935, as this law is only in effect until that date.

Any owner desiring to take advantage of this section can obtain the amount required to redeem his property from the County Auditor's Offices in Nevada City, California.

Any owner can save himself additional costs, and all interest charges previously charged, by making a redemption of his property any time from this date to September 1st, 1935.

R. N. McCORMACK,  
County Auditor.

## NOTICE

TO ALL FREEHOLDERS IN THE FIFTH ROAD DISTRICT, MEADOW LAKE TOWNSHIP, COUNTY OF NEVADA, STATE OF CALIFORNIA.

Notice is hereby given that there has been filed in the Office of the Board of Supervisors of the County of Nevada, State of California, a petition, signed by the required number of freeholders and tax-payers of Road District No. 5, praying for the abandonment of a portion of an Alley in Block B, a part of Main Street East, and a part of Spring Street in the Town of Truckee, County of Nevada, State of California, described as follows, to wit:—

Beginning at a point in the Alley in Block "B" at its intersection with the west line of Bridge Street, from which the south-east corner of the northerly part of said Block "B", at the north-west corner of the said Alley and Bridge Street, bears N. 15 degrees 40' W. 14.00 feet. Thence along the west line of Bridge Street; S. 18 degrees 40'E. 11.00 feet to the north-east corner of Lot No. 29, Block "B" at the south-west corner of said Alley and Bridge Street. Thence along the southerly line of said Alley;—

S. 71 degrees 20'W. 639.50 feet to its intersection with the southerly line of Main Street East. Thence along said line;—

S. 49 degrees 31'W. 108.97 feet to the north-west corner of Lot No. 1, Block "B", at the south-east corner of Main Street East and Spring Street. Thence along the east line of Spring Street;—

S. 18 degrees 40'E. 49.50 feet to the south-west corner of Lot 1, Block "B", at the south-east corner of Spring Street and Commercial Row. Thence;—

S. 71 degrees 20'W. 8.00 feet to a point in Spring Street at its intersection with the northerly line of Commercial Row. Thence;—

N. 18 degrees 40'W. 72.00 feet to a point in Main Street East near its intersection with Spring Street. Thence;—

N. 53 degrees 35'E. 95.12 feet to a point in Main Street East. Thence on a line parallel with, and at a distance of 11.00 feet (measured at a right angle) from the southerly line of the said Alley in "Block B"; N. 71 degrees 20'E. 658.07 feet to the place of beginning.

The above described being a part of the Alley in Block "B"; a part of Main Street East and a part of Spring Street, in the Town of Truckee, Nevada County, California, as shown and designated as such streets and alley on the Official Map of Truckee, on file in the office of the County Recorder of Nevada County, California.

And that Monday, July 29th, 1935 at 10 o'clock A. M. at the Court House in Nevada City, Nevada County, California, has been set as the time and place for hearing said petition, when and where any person interested may appear and show cause, if any they have, why said petition should not be granted.

Dated July 5th, 1935.  
Published by order of the Board of Supervisors of the County of Nevada, State of California.  
Clerk of Said Board.  
R. N. McCORMACK,

### Dick Joseph Fined \$150 in Local Court

Judge C. E. Smith fined Dick Joseph \$150 in the local court last Saturday. Joseph was given a hearing before Judge Smith on July 10th on charges of selling unstamped liquor and selling to persons for resale who had no license. The case was taken under advisement and the decision was given on Saturday.

### Bumper Field Crops Expected This Year

SACRAMENTO, July 18 —(UP)—Increased plantings and favorable conditions should give California bumper field crops this year, according to the federal state crop reporting service.

Plantings this year amount to 6,153,000 acres as compared to 6,040,000 acres in 1934, the report stated.

"The heavy rains of the past winter and spring months reflect in the

MANSFIELD

Back in 1851 a gold rush was started when a nugget was found in the mud clinging to a mule's hoof. Recently, sweepings from a dance floor revealed gold dust carried into the pavilion on the shoes of miners from the Sawyer's Bar region.

A new stampede was not expected, however, because no one knows

which of the miners' footwear carried the pay dirt.

Doctors have found a new X-ray eye that can see around a corner. Too bad Mr. Hoover didn't have one in 1929-'30.

The new American motto: Gimme Liberty or gimme death—anyhow gimme!
